bryan-maitland

(D) 0000-0002-4491-5064

Employment

2024-	Research Fish Biologist, Rocky Mountain Research Station, USDA Forest Service	
2023-2024	Research Associate, Dept. of Civil and Environmental Engineering, University of Wisconsin-Madison	
2022-2023	Postdoctoral Fellow, Center for Limnology, University of Wisconsin-Madison	
2020-2022	WI Water Resources Postdoctoral Fellow, Aquatic Sciences Center (UW-Madison) and WDNR	

Education

Ph.D.	2020	Ecology	University of Wyoming
M.Sc.	2015	Conservation Biology	University of Alberta
B.S.	2011	Conservation Biology cum luade	SUNY: College of Environmental Science and Forestry

Selected awards and honours

2024	Outstanding Service Award, U.S. Forest Service, Rocky Mountain Research Station
2021	Best Professional Presentation Award, Wisconsin Chapter American Fisheries Society
2019	Dean's Graduate Scholar Award, College of Arts and Sciences University of Wyoming
2018	Eugene Maughan Graduate Award, Western Division American Fisheries Society
2018	Hank Gardner Graduate Award, Department of Zoology and Physiology University of Wyoming
2017	Clemens-Rigler Award, Canadian Aquatic Resources Section American Fisheries Society
2017	William Trachtenberg Scholarship, Sustainable Fisheries Foundation
2017	Vern Bressler Fisheries Award, Department of Zoology and Physiology University of Wyoming
2015	Excellence in Fisheries Award, Canadian Aquatic Resources Section American Fisheries Society
2015	Clemens-Rigler Award, Canadian Aquatic Resources Section American Fisheries Society

Research

- ➤ I am a fish ecologist specializing in fisheries conservation and aquatic community ecology, focused on understanding ecological processes that shape freshwater fish populations and food webs.
- ➤ Since 2014 I have authored 24 papers in peer-reviewed journals on fisheries and conservation (pages 2-3).
- ➤ On Google Scholar my h-index is 12 with 599 total citations (as of 15 October 2025).
- ➤ I have authored 1 R package as a result of my research with a total of 1347 downloads (page 3).
- ➤ Since 2011 I have given or co-authored 41 presentations on my research (pages 6-8).

Grants

➤ I have acquired (in most cases jointly) \$167,073 in research grants since 2015. Grants > \$5,000 below:

Pending	Maitland, Dauwalter, Sparks. "Scaling satelitte monitoing of fish spawning across space". Funding from National Geographic Society	\$20,000
Pending	Sparks, Maitland. "Bull Trout movement using PIT tag arrays in the Boise Basin". Funding from U.S. Fish and Wildllife Serivce	\$16,620
2025	Maitland, Dauwalter, Sparks. "Monitoring Chinook Salmon spawning from space". Funding from Trout Unlimited	\$38,000
2024	Maitland. "Chinook Salmon life history and otolith microchemistry". Funding from USDA Forest Service RMRS	\$48,000
2020	Maitland, Rahel. "Accessable underwater landscapes for non-STEM audiences". Funding from UWyo Biodiversity Institute	\$19,866
2019	Maitland. "Diet specialization along stream gradients". Funding from UWyo Zoology	\$22,000
2018	Maitland. "Assimilation and discrimination of C and N in prairie stream fishes". Funding from UWyo Biodiversity Institute	\$6,000
2017	Maitland. "Isotopic niches and fish biodiversity in Rocky Mountain streams". Funding from UWyo Biodiversity Institute	\$5,000
2015	Maitland, Rahel. "Factors that influence the diversity of fish assemblages in Wyoming". Funding from UWyo Biodiversity Institute	\$25,207

Publications

Theses

- 2. **Maitland,** B. M. 2020. Isotopic Ecology of Aquatic Communities Along the Rocky Mountains— Great Plains Ecotone. PhD thesis, University of Wyoming.
- 1. **Maitland**, B. M. 2015. Stream Crossings in the Western Boreal Forest: Assessing Impacts and Prioritizing Restoration for Native Freshwater Fishes. Master's thesis, University of Alberta.

Refereed research papers

Software

1. **Maitland**, B. M., M. M. Sparks, E. Felts, A. Swartz, and P. N. Frater. 2025. hatchR: Predict Fish Hatch and Emergence Timing.

Specialized Skills and Certifications

Field Skills

Fish Sampling Electrofishing, netting, seining, trawling, angling

Aquatic Ecology Water quality sampling, invertebrate sampling, aquatic vegetation sampling, habitat assessment

Identification Fish (freshwater and marine), amphibians, reptiles, aquatic invertebrates, aquatic plants

Operations Piloting and trailering small vessels, rafting, helicopters experience, orienteering

Other Light machinery operation, small power equipment repair, minor electrical repair, handiwork

Lab Skills

Fisheries Fish aging (scales, otoliths), fish dissection, fish tissue processing

Aquatic Ecology Water quality analysis (nutrients, chlorophyll a, turbidity), invertebrate processing, aquatic vegetation

Stable Isotopes Sample preparation, ligh (C, N, O, S) and heavy (Sr) stable isotope analysis

Molecular DNA extraction, PCR, qPCR

Computer Skills

Operating Systems Linux, MacOS, Windows
Programming Languages R, Python, BASH, JavaScript

Markup Languages Markdown, RMarkdown, CSS, HTML, LaTeX

Data Interchange Formats CSV, JSON, XML

Other Languages YAML Version Control Git

Text Editors RStudio, SQL Server Management Studio, Visual Studio, Visual Studio Code

Microsoft Office Excel, Outlook, OneNote, PowerPoint, Word

Analytical Skills

Statistical Analysis Generalized linear models, mixed effects models, Bayesian statistics, multivariate statistics

Data Visualization ggplot2, base R graphics, leaflet, plotly

Data Management Data wrangling and cleaning, data management with SQL

Spatial Analysis R, QGIS, ArcGIS, Google Earth Engine

Package Development R package development, documentation, testing, and maintenance

Leadership Development

2021 Equity and Inclusion Workshop EQT By Design via WI Sea Grant 2008 Leave No Trace Master Educator Center for Outdoor Ethics, NOLS

Certifications

2025 Wilderness First Aid Wilderness Medicine Institude

2025 Advanced CPR and First Aid American Red Cross
 2014 Defensive Driving USDA Forest Service
 2018 Avalanche Safety Level 1 National Ski Patrol
 2013 Electrofishing Safety University of Alberta

2013 MOCC Federal Motor Boat Operator US Department of the Interior

Additional Academic Training

2008 Environmental Ethics
 2008 Group Leadership Techniques
 2008 Wilderness Skills Practicum, Backpacking
 2007 Wilderness Skills Practicum, River Travel
 2008 Credits
 2009 University of Utah
 2007 University of Utah
 2007 University of Utah
 2007 University of Utah

Society and Professional Service

Ad-hoc reviewer

- \blacktriangleright I have served as an ad-hoc reviewer for 49 manuscripts from 15 journals since 2016 (\sim 5.4 per year).
- ➤ 2025, Lake Champlain Fisheries Research Program, full proposal review
- ➤ 2023, NSF, Division of Environmental Biology, CAREER, full proposal review

Society memberships

2010-	American Fisheries Society
2010-	Society for Conservation Biology
2010-2016	International Association of Great Lakes Research
2015-	Ecological Society of America
2016-	Society for Freshwater Science
2016-2019	Association for the Science of Limnology and Oceanography
2019-	Galápagos Conservancy

Society leadership

2015-	Member, Freshwater Working Group, Society for Conservation Biology
2016-2017	President, UWyo Student Chapter, American Fisheries Society
2016-2018	Excom Member, CO-WY State Chapter, American Fisheries Society
2020-2022	Member, Trout Species Team, Wisconsin Department of Natural Resources
2021-2022	Member, Fisheries Working Group, Wisconsin Initiative on Climate Change Impacts

Conference organization

2024	Program co-chair, Science to Restore and Manage Wildland Aquatic Habitats and Watersheds, AGU Fall Meeting
2023	Workshop leader, Programming with R, Wisconsin Chapter American Fisheries Society Annual Meeting
2022	Workshop leader, Programming with R, Wisconsin Chapter American Fisheries Society Annual Meeting

2016 Program co-chair, Western Division American Fisheries Society Student Colloquium

University involvement and service

Invited talks and presentations

- ➤ Freshwater science for tomorrow: advancing fish ecology, conservation, and management. Wildlife Biology Program, University of Montana, Missoula, Feb 2025
- ➤ Freshwater science in a changing world: fisheries research for conservation & management. School of Freshwater Science, UW-Milwaukee, Milwaukee, Dec 2023
- ➤ Fish and Freshwater in a Changing World: Science for Management and Conservation. Rocky Mountain Research Station, US Forest Service, Boise, Apr 2023
- ➤ Coldwater Fish in a Changing World: Actionable Ecology for Management and Policy. Department of Ecology, Montana State University, Bozeman, Mar 2022
- ➤ Exploring isotopic niches in Rocky Mountain Great Plains stream fish. Dept. of Zoology & Physiology, University of Wyoming, Laramie, May 2017

Committees, Groups, and Councils

2022-2024	Field Operation Facilitation and Boat Committee, Center for Limnology, UW-Madison
2019-2020	Faculty Search Committee, Department of Zoology and Physiology, University of Wyoming
2016-2020	Social Media Coordinator, Program in Ecology, University of Wyoming
2016-2017	Graduate Council, student representative, University of Wyoming
2016-2017	President, Program in Ecology, University of Wyoming

Teaching

2020	Instructor, Ichthyology	University of Wyoming
2016-2019	Lab Instructor, Ichthyology	University of Wyoming
2015	Lab Instructor, Fisheries Management	University of Wyoming
2013-2014	Lab Instructor, Fisheries Management	University of Alberta

Mentoring

➤ I have mentored 10 undergraduate students as research assistants in lab and field settings at the University of Wyoming and University of Wisconsin-Madison.

Public Service and Outreach

Public Lectures

- ➤ Climate change, extreme weather, and stream trout in Wisconsin. Trout Unlimited, Madison, WY, Mar 2022
- > Stream culverts and fish: the good, the bad, and the ugly. Pinedale Science Café, Pinedale, WY, Aug 2017
- ➤ Culverts as culprits: how road crossings affect fish. Laramie Science Café, Laramie, WY, Jun 2016

Selected Media

➤ Milwaukee Journal Sentinel, Jan 2023. "Climate change is making Wisconsin trout more vulnerable to floods and heat". (Also covered in separate stories on WPR Public Radio)

- ➤ Water Blogged, Dec 2022. "A Tale of Two Fishes: Study Maps the Future of Trout Populations in Wisconsin"
- ➤ UW-Madison News, Dec 2022. "Study maps uneasy future of Wisconsin trout populations"
- ➤ The Tributary, Nov 2017. "Stuck in a rut in Anaconda? Crash a cutthroat spawning party!"

Service

2022-2023	Food service volunteer	Ronald McDonald House, Madison, WI
2016-2020	Science outreach and stream ecology field trips	Laramie High School, Laramie, WY
2016-2019	Group leader, Wyoming Bio-Blitz	Biodiversity Institute, University of Wyoming
2016-2018	Big Brother	Big Brothers Big Sisters of Wyoming
2017-2018	Habitat restoration projects	Girl Scouts of America
2016-2017	Science judge	Wyoming State Science Fair

Presentations (invited)

- 2. **Maitland**, B. M. 2024, June. Testing food web theory in a large lake: The role of body size in habitat coupling in Lake Michigan. Paper, ASLO Annual Meeting, Madison, WI, Madison, WI.
- 1. **Maitland,** B. M., C. B. Voter, F. J. Guerrero-Bolaño, A. W. Latzka, and J. A. Hauxwell. 2021, March. Tackling Wisconsin's water challenges through UW Water Science-Policy Fellowships and agency partnerships. Paper, Wisconsin Water Week, Virtual, Virtual.

Presentations (offered)

- 39. Ferone, G. S., B. M. **Maitland,** D. J. Issak, and C. C. Caudill. 2025, November. Applying spatial stream networks and species distribution models to two decades of idaho DEQ BURP stream benthic macroinvertebrate samples. Paper, SFS Pacific Northwest Chapter Annual Meeting, Boise, ID, Boise, ID.
- 38. Sparks, M. M., B. C. Leavell, and B. M. **Maitland.** 2025, November. A generalizable tool for predicting developmental phenology for freshwater poikilotherms. Paper, SFS Pacific Northwest Chapter Annual Meeting, Boise, ID, Boise, ID.
- 37. Kirk, M. A., and B. M. **Maitland.** 2025, August. Trophic overlap between invasive round gobies and native benthic darters in a stream biodiversity hotspot. Paper, AFS Annual Meeting, San Antonio, TX, San Antonio, TX.
- 36. **Maitland**, B. M., M. M. Sparks, E. Felts, A. Swartz, and P. Frater. 2025a, August. hatchR: A toolset for predicting when fish hatch and emerge. Poster, AFS Annual Meeting, San Antonio, TX, San Antonio, TX.
- 35. **Maitland**, B. M., M. M. Sparks, E. Felts, A. Swartz, and P. Frater. 2025b, May. hatchR: A toolset for predicting when fish hatch and emerge. Poster, Western Division AFS Annual Meeting, Westminster, CO, Westminster, CO.
- 34. **Maitland**, B. M., M. M. Sparks, E. Felts, A. Swartz, and P. Frater. 2025c, April. hatchR: A toolset for predicting when fish hatch and emerge. Paper, Idaho Chapter AFS Annual Meeting, Boise, ID, Boise, ID.
- 33. Davis, T., L. Wright, D. Keisser, B. M. **Maitland**, and R. H. Walker. 2024, November. That's a mouthful: Periodical cicadas, fish body size, and feeding ecology. Poster, Southeastern Fisheries Council Annual Meeting, Little Rock, AR, Little Rock, AR
- 32. Keisser, D., B. M. **Maitland**, and R. H. Walker. 2024, November. Quantifying rare allochthonous insect pulses: How many periodical cicadas enter streams? Paper, Southeastern Fisheries Council Annual Meeting, Little Rock, AR, Little Rock AR
- 31. Walker, R. H., D. Keisser, B. M. **Maitland**, and D. Hunt. 2024, November. Quantifying the availability, use, and consequences of periodical cicadas in stream food webs. Paper, Southeastern Fisheries Council Annual Meeting, Little Rock, AR, Little Rock, AR.
- 30. Hauxwell, J. A., C. B. Voter, F. J. Guerrero-Bolaño, A. W. Latzka, and B. M. **Maitland.** 2024, June. Adaptable university-agency early-career fellowship program creates win-win-win for Wisconsin's Waters. Paper, IAGLR Annual Conference, Milwaukee, WI, Milwaukee, WI.
- 29. **Maitland**, B. M., and A. W. Latzka. 2024, May. Shifting climate conditions affect recruitment in Midwestern trout, but depend on seasonal and spatial context. Paper, Washington, British Colombia, and Idaho Chapters AFS Joint Meeting, Spokane, WA, Spokane, WA.
- 28. Walker, R. H., and B. M. **Maitland.** 2024, May. The cicadian rhythm: Preparation for evaluating the availability, use, and consequences of periodical cicadas to stream fishes. Paper, Iowa Chapter AFS Annual Meeting, Iowa City, IA, Iowa City, IA.
- 27. **Maitland,** B. M., O. P. Jensen, J. C. Hoffman, and F. W. Keppeler. 2023a, August. Testing food web theory in large lakes: The role of body size in habitat coupling in Lake Michigan. Paper, AFS Annual Meeting, Grand Rapids, MI, Grand Rapids, MI.
- 26. **Maitland,** B. M., O. P. Jensen, J. C. Hoffman, F. W. Keppeler, D. B. Bunnell, A. S. McNaught, and B. S. Gerig. 2023b, February. Body size, trophic position, and energy coupling in Lake Michigan. Paper, Wisconsin Chapter AFS Annual Meeting, Stevens Point, WI, Stevens Point, WI.
- Sass, G. G., D. Beard, S. Broda, S. R. Carpenter, S. R. Chipps, T. A. Cichosz, C. J. Dassow, B. Elwer, H. S. Embke, Z. S. Feiner, J. W. Gaeta, G. J. A. Hansen, J. Hansen, J. Hennessy, J. J. Homola, D. A. Isermann, S. Jones, A. W. Latzka, A. J. Lynch, B. M. Maitland, M. G. Mitro, J. T. Mrnak, G. R. Matzke, C. P. Paukert, M. Preul, A. L. Rypel, S. Shaw, A. Schultz, L. W. Sikora,

- R. Tingley, A. Trudeau, J. A. VanDeHey, M. J. Vander Zanden, and L. Zebro. 2023, January. Depensatory recruitment in Wisconsin walleye: Mechanisms and management. Paper, Wisconsin DNR Office of Applied Science Webinar Series, Virtual, Virtual.
- 24. Ward, N. K., A. J. Lynch, E. A. Beever, K. L. Bouska, H. S. Embke, J. F. Kocik, D. Limpinsel, M. R. Magee, B. M. **Maitland**, J. M. Morton, J. M. Mueller, D. C. Oliver, H. M. Rantala, G. G. Sass, A. Schultz, L. M. Thompson, and J. L. Wilkening. 2022, August. Using the Resist-Accept-Direct (RAD) Framework to Reimagine Large River Management. Paper, AFS Annual Meeting, Spokane, WA, Spokane, WA.
- 23. **Maitland**, B. M., and A. W. Latzka. 2022, May. Shifting climate conditions affect recruitment in Midwestern stream trout but depend on seasonal and spatial context. Paper, Joint Aquatic Sciences Meeting, Grand Rapids, MI, Grand Rapids, MI.
- 22. **Maitland**, B. M., and A. W. Latzka. 2021, November. Long-term trends of Midwestern stream trout populations in a changing climate, and the effects of seasonal weather. Paper, AFS Annual Meeting, Baltimore, MD, Baltimore, MD.
- 21. **Maitland**, B. M., A. W. Latzka, P. Frater, and M. G. Mitro. 2021a, May. Untangling the effects of hydrologic change on trout in Wisconsin streams. Paper, Wisconsin Water Week, Virtual, Virtual.
- 20. Lapides, D. A., B. M. **Maitland**, and A. H. Pruitt. 2021, March. Assessing approaches to quantify hydrological alteration on Wisconsin's streams. Paper, Wisconsin Section AWRA Annual Meeting, Virtual, Virtual.
